MASSACRE OF AMERICANS IN MEXICO IS IMMINENT

EMPEROR OF JAPAN DIES

Mutsuhito Succumbs to Acute Nephritis at 12:43 a. m., July 30

Great Crowds Outside Palace Bow Heads in Sorrow at News

TOKIO, Tuesday, July 30.—Mutsuhito, Emperor of Japan, died today at 12:45 a. m. Acute nephritis was given as the cause of death.

The Crown Prince Yo Shihito has succeeded to the throne.

The Emperor had been unconscious since dawn Monday. From that hour his respiration had become more feeble and he passed away in the presence of the members of the imperial family and the ministers of state.

The great crowds which had been gathered for days outside the palace surrounding the palace remained till the end in hushed silence and even when his majesty's death was announced remained in the vicinity, seemingly hopelessly depressed.

The crown prince was overcome by the sad event and remained at the palace in consultation with the ministers of state arranging for the imperial funeral and for the conduct of state affairs.

The edict announcing Yoshihito's succession to the throne will be published as soon as arrangements have been made.

All the imperial princes who have been near the Emperor's palace since the beginning of the serious period of his illness on July 19, were summoned to the sick chamber last evening and remained there until the end.

They were present at the noon examination by the court physicians, who found that His Majesty's pulse was very feeble. The beats had increased to 146. The imperial patient's fingers and toes had turned to a pur-

'Why Was Key Left on My Bed?' Writes Janitor, Before Ending Life

Joseph Dobson Feared He Would Be Blamed for Incendiary Fire, Say Police

SAN FRANCISCO, July 29.—An explanation of a mysterious midnight fire, resulting in the destruction of Lyric hall and seven stores at Turk and Larkin streets, early Sunday morning, may be forthcoming as the result of the suicide this morning of Joseph Dobson, a janitor, 43 years old. Hints of incendiarism which are being investigated by Detective Sergeant Harry Cook and the fire marshal, are found in a note left by Dobson, in which he sets forth that an effort was made to fasten the crime on him. Among the stores destroyed by the flames early yesterday morning was Adams' paint shop.

At 9 o'clock this morning the coroner was notified of a suicide at 845 Golden Gate avenue, where the landlady, Mrs. I. Shes, had found Dobson dead in bed with gas flowing from a wide-open jet.

KEY LEFT IN BED.

A note written before his death reads: "You will find me dead. I was afraid this would be put onto me because that key which was laid by some one on my bed was not for nothing. Adams' paint shop was burned down the night before. They wanted insurance and laid it at my door. I am no coward as the police called me when I went to the protection. Adams and I fell out and he wanted to go away. Someone will be fined."

On another card found in the trousers pocket of the deceased there was scribbled: "What was that key thrown on my bed for, and why was Adams paint shop burned down? The—"

EICKMEIER IS FOUND DEAD

Threats of Suicide Made Last Week Are Carried Out by Fruitvale Man

Trained Nurse and Children Find Body With Bullet Hole in Head

FRUITVALE, July 29.—The body of Charles Eickmeier, who left his home, 2071 Hopkins street, last Tuesday, saying that he would kill himself, was found shortly before 10 o'clock this morning on the Adler farm, the country estate of Mrs. William Magee, of San Francisco.

The body, with a bullet hole through the head, was found lying on a knoll in an inaccessible canyon within a half mile of the country home of Mrs. Dorothy Campbell, a trained nurse who was out walking with the children in the hills.

A revolver was lying on the man's shoulder. The face was decomposed beyond recognition. Deputy Coroner Barbour of Fruitvale and Captain Thornwald Brown of the Meigs police, were notified.

Later they went to the scene of the suicide, guided to the spot by Robert Klare, chauffeur in the employ of Mrs. Magee.

IDENTIFY BODY.

The identification was made through a notebook found on the clothing on the body bearing the name of Charles Eickmeier with the dead man's address on Hopkins street. Owing to the inaccessible nature of the surrounding country the remains had to be taken to the Magee home by Deputy Coroners Barbour and Ware.

Eickmeier, on July 26, left his home writing a letter saying that he would be found one mile north of Hopkins street in Alameda. He also sent letters to THE OAKLAND TRIBUNE and Captain of Detectives Peterson. The reason given for the deed was that he could not get along with his wife and that his home "was a hell."

According to Mrs. Marie Eickmeier, who is prostrated over the tragedy, the only reason for the man's leaving home was that she had sent a dress to the dyers and cleaners without his permis-

IS BODY THAT OF LOST GIRL? REMAINS FOUND IN CREEK MUD

MISS DORCAS SNODGRASS, MYSTERY OF WHOSE DISAPPEARANCE MAY BE CLEARED BY FINDING OF BODY.

Mystery of Dorcas Snodgrass' Disappearance May Be Cleared by Discovery

CATSKILL, N. Y., July 29.—The body of a woman, found in the mud of Catskill creek, may prove to be that of Miss Dorcas Snodgrass, the missing Mount Vernon nurse.

NO MARKS OF VIOLENCE.

ALBANY, N. Y., July 29.—The body found in DuBois creek, near Catskill, is said to tally with the description of the missing young woman, and the name "Snodgrass" was found upon her coat cover. Another initial, believed to have been a "D," had been obliterated.

James Young, while rowing on the creek yesterday afternoon, found the body lying face downward in the mud and reeds which skirt the shore. It had evidently been in the water for some time. On the body were an expensive belt buckle, a diamond ring and a Christian Endeavor pin.

The position of the body when found was such that the authorities believe it could not have drifted into the creek from the Hudson river. No marks of violence were found. One theory put forth is that she may have been drugged or poisoned and thrown into the creek.

AT LOSS FOR REASON.

NEW YORK, July 29.—Just why Miss Snodgrass suddenly deserted a home in which she has for seven years been so well beloved and why she has given no word as to her whereabouts to her fiancé, F. Edgar Schmidt, is something that her relatives are unable to explain.

On the day she disappeared—July 17—she bade her sister goodbye and told the children about the house she would bring them the kind of candy they liked so much.

The night before Miss Snodgrass had made an engagement with Schmidt. He was anxious to see her and before calling sent around a large bunch of American beauties—her favorite flowers. Everyone concerned in the case is the only man she knew for

GEN. OROZCO ORDERS SLAUGHTER, SAYS FLEEING MORMON

Salazar Declares Intervention Must Come From United States in Next Few Days

EL PASO, Tex., July 29.—Louis Lacha, Mormon, from Dublin, who arrived here with his family last night, said today: "General Salazar told us at Casas Grandes that if intervention did not come from the Americans within the next few days that rebels will begin to kill every American they find and keep up the massacre until America was forced to cross the border. Salazar stated it was the direct order of Orozco."

The correspondent of the El Paso Herald wired a statement here today declaring that General Salazar, second in command of the Mexican rebel army, had made several addresses Sunday, in which he asserted that all Americans in the rebel zone were to be disarmed and all protection guaranteed for American citizens withdrawn.

Salazar said that inasmuch as the American government had treated the rebels as bandits they might as well act the part.

Salazar Determined

Salazar declared that "Americans have no business in Mexico and the sooner they get out the better. I don't care whether American intervention comes or not. If our seizure of American arms and ammunition leads to American intervention then I will welcome it. I am going to seize the arms and ammunition of Americans the same as those of Mexicans."

"Look, you Mexicans, at the hovels you live in," he said, pointing to the mud huts in the Mexican quarter, where he was making the speech; "then look how your American bosses live in affluence. The President of the United States bows obediently to the wishes of the weak Madera in all matters tending to oppress the Mexican people."

"If the Americans have made a failure of their own government at home, as they have, it is better that we should not have them here with us. They get good wages and the Mexicans get nothing. The Americans come here to exploit Mexico and the sooner that exploitation stops the better."

Salazar has been considered second in command of the rebel army. He is now considered the real head of the army, since Orozco remains in Juarez.

Two Are Pinned Beneath Automobile and Injured

While G. G. McKinnon of this city and a party of friends were returning to Oakland from the Mount Diablo region yesterday afternoon in McKinnon's automobile, they saw a car ahead of them on the road about two miles this side of Lafayette and go over the embankment at the side of the road. When they arrived at the scene they found that two of the occupants were pinned beneath the machine. McKinnon ran his machine as close as possible to the wreck and he and his friends succeeded in raising the car high enough to get one of the victims clear. At this point a

truck came up, a rope was passed around the wrecked car and, with the aid of McKinnon's machine, the other injured man was liberated. The two were rushed to Walnut Creek and placed under the care of Dr. F. R. Leach who, after examination, stated that a broken leg and severe bruises were the only injuries. The car contained Sam Hirsch, George Plympton, Henry Sampson and one other whose name could not be learned. Plympton was driving and sustained severe bruises, while Hirsch has a broken leg. All four men are residents of Antioch.

Attempt Made to Blow Campbell Postoffice Safe

SAN JOSE, Cal., July 29.—An attempt was made to blow the postoffice safe at Campbell last night with dynamite. The burglars first broke into a blacksmith shop and obtained a sledge and other tools, entered the

postoffice and worked for some time on the safe. The outer door was blown off and attempts were made to force the inner door. Nothing in the postoffice but the safe was disturbed. The men left no tangible clue.

Happiness of Hogan Diminished by Fine

Vernon Manager and Oakland Player Punished, Following Row

SAN FRANCISCO, July 29.—Manager Hogan of the Vernon team of the coast league, was fined \$25 today for making Second Baseman William Leard of the Oakland team lose his temper in yesterday morning's game at Oakland. Leard was fined \$25 for slapping Hogan. Announcement of the fines was made by President Al Baum.

"I had to fine Leard," said President Baum, "but Hogan was to blame. He has been going after the youngsters and upsetting them so they could not play their games."

Baum added that instructions have been given to the six umpires in the league to send Hogan to the bench hereafter as soon as he addresses a player in an opprobrious manner.

"We've stood a lot from Hogan," he commented.

Southern Part of State Has Back East Weather

LOS ANGELES, July 29.—Southern California and a taste today of "back east" weather. During the morning hours the temperature was hot and the atmosphere sticky. About noon it began to rain. At Pomona quite a heavy shower fell. From other points a slight precipitation was reported. In Los Angeles there was only a slight shower.

Superior Judge Harris Is Taken to Hospital

Superior Judge Harris of this city yesterday was taken to the Merritt hospital suffering from a slight attack of appendicitis. Dr. S. H. Buteau stated this morning that while Judge Harris would probably be under treatment for a short time, his condition was not serious, and that he did not think an operation would be necessary.

ple hue. His inspiration and tempera- ture were unchanged. A further examination at 3 o'clock this morning showed the Mikado's condition unchanged. At 10 o'clock the bulletin said the Emperor's tem- perature had increased and that his condition had become more serious. Prince Sudarui Fushimi, the Em- peror's cousin, and three other princes, left the palace for a short rest at 6 o'clock last evening, but the crown prince and most of the cabinet min- isters remained in a room adjoining the sick chamber. The crowds outside continued to in- crease and numbered 10,000 persons at 10 o'clock.

Mutsuhito Came to Japan's Throne at Age of Fifteen

His Imperial Majesty, Mutsuhito, was the one hundred and twenty-first Em- peror of Japan. He was born at Kyoto on November 3, 1852, and was the second son of the Emperor Komei. In 1869, seven years before his father's death, he was declared heir apparent. He ascend- ed the throne as a boy of 15, and at that occasion gave his solemn promise to grant some form of representative gov- ernment. He fulfilled that promise in the most liberal manner and thus gave to his country its new birth. He was acclaimed by the entire world as the father of mod- ern Japan.

SEEK DISBARMENT OF S. F. ATTORNEY

Bar Association Begins Pro- ceedings Against Lawyer Accused of Bigamy.

SAN FRANCISCO, July 29.—At the in- stance of a committee of the San Fran- cisco Bar association, proceedings were begun in the District Court this morning looking to the disbarment of Charles E. George, an attorney and former editor of the Bankers' and Lawyers' Magazine. An accusation of disbarment was filed, today, by R. S. Gray, A. F. Black and C. A. S. who are lawyers acting at the instance of the Bar association. It will be less than two weeks since George was a witness before Superior Judge Monroe of Los Angeles, in con- nection with the suit for maintenance brought against him by his wife, Mrs. Ida L. Austrian-George, when it was claimed he was married in Montreal, in 1903. Her charges were sensational, and in reply to them George declared that she was not his wife, and at the last moment Mrs. May Reed-George of New York took the stand, the day after her arrival in this city, and testified that he was her husband. In the original suit, Mrs. Austrian- George set forth that she had given her spouse \$6000 and had saved him from prosecution in the north. The complaint of the Bar association merely set forth that George was dis- barred in the State of Illinois, and gives that as a reason or asking that he be for- bidden to practice any longer in the courts of this State.

of headquarters in Los Angeles by the rebels indicated clearly that Orozco was to abandon Chihuahua and begin activities anew in the state of So- nora, gradually moving westward to the coast. Mexico city authorities have been fully advised of the rebel movements here and plans have been taken, ac- cording to agents here, for the im- mediate fortification of Lower California strategic points.

While a close watch will be kept on Orozco's agents in Los Angeles, no steps have as yet been taken to re- strain them by the American authori- ties.

TO END DISPUTE.

WASHINGTON, July 29.—Senor Calero, the Mexican ambassador, will go to Mexico City next week to take up with his foreign office several plans which he has submitted to the state department here for the settle- ment of the long-standing controversy over the Chamizal zone, a tract of about 500 acres, along the Rio Grande in the city of El Paso, which is claimed by both the United States and Mexico.

While the ambassador refused to divulge the nature of the proposed settlement he declared that he would refuse to be a party as he thought his government also would be, to any money settlement of Mexico's claim to sovereign land rights.

GOMEZ IS HELD.

SAN ANTONIO, Tex., July 29.—Emilio Vanquez Gomez and five of his followers were held under bonds to a federal grand jury here on charges of violating United States neutrality laws. This action was ordered at the preliminary hearing of the accused men.

PROPERTY VALUABLE.

SALT LAKE, July 29.—Seven to eight million dollars is the valuation placed by the presiding bishop of the Mormon church upon the property the Mormon settlers will have to aban- don if they leave Mexico.

"They possess large tracts of the finest agricultural land in the coun- try," says the statement. "Their farms have been improved and stocked with cattle and machinery. residences have been built and ir- rigation systems completed. The four thousand settlers comprise between 700 and 800 families and a conserva- tive estimate places the average in- dividual property of each family, in- cluding improvements, water rights and stock, at \$10,000. Persons fa- miliar with conditions in the colony say that to abandon the farms means practically complete loss as buildings and fences will be destroyed, canals and ditches filled, crops, now almost ready to be harvested, lost or stolen and stores pillaged."

Meeting houses and other buildings of the church in Mexico are said to be worth \$145,000.

CATCHY MUSIC IN COLUMBIA SHOW

"Champagne Girl" Productive of Much Melody and Fun.

Catchy musical selections, a juvenile singing comedienne and a trio of ex- cellent voices were undoubtedly the big features of "The Champagne Girl," Dil- lon and King's latest fun show, produced with much success at the Columbia the- ater yesterday.

Little Ethel Faulkner, an unusually clever child artist, proved exceedingly popular with the large audience. She has all of the assurance and manners of a performer with years of experience. She does well to style herself "a first-class comedienne."

The little artist rendered several songs in a manner much resembling that of the comedienne. A cleverly executed dance closed her specialty, leaving the audi- ence clamoring for more. The Premier Trio contribute much to the success of the program. Fred Weiss, assisted by the chorus, were effective singing "When Uncle Joe Played a Rag Time on His Banjo."

"Ragging the Baby to Sleep" was a delightful number, well sung by Claire Starr and chorus. A variety of rag dolls, held fondly in the arms of the Ginger Girls, added much to the effec- tiveness of the selection. The sweet voice of Mattie Townsend is heard to splendid advantage in the number entitled "Gull- abys."

Francis Tallorand had a charming song in "I Love You," and Charlie Kelly greatly pleased with his tough version of "Believe Me, Kid."

The plot of the piece is rather an in- tricate affair, involving several amusing characters. The story concerns the de- linquency of a married man off on a good time and the consequences thereof. The action brings in a tough waiter, a staid business man, a clever girl and a sister-in-law. The situations are funny, re- sulting in many ludicrous scenes.

The principal comedians, Ben Dillon and Will King are seen to splendid ad- vantage in the leading comedy roles. Charlie Kelly, a cleverly executed dance closed her specialty, leaving the audi- ence clamoring for more. The Premier Trio contribute much to the success of the program.

no report of his having gone to the police for protection. The fire was being put down as originating from unknown causes un- til the note was found, but now the detectives have been spurred on to action, and will question Adams in regard to the allegations made in Dob- son's note.

F. Dobson, a brother of the dead man, called at the morgue and de- clared that he had heard nothing of the placing of a key on Joseph Dob- son's bed or any intimation of in- cendiaryism in connection with the Adams paint shop fire. He asserted that his brother had been acting somewhat strangely and that he could not account for his accusation.

WIFE DISAPPEARS; 'EVIL EYE' BLAMED

Holy Rollers Also Declared to Be Responsible for De- sertion of Home.

The "evil eye" and affiliation with the Holy Rollers are declared by W. H. Edgar of 655 Nineteenth street to have re- sulted in the disappearance of his wife, Myrtle Edgar, and their 7-month-old infant, whom he has asked the police to locate. Edgar complained to Acting Chief W. J. Petersen, last night, that his wife had been missing for several days, and that he suspected a Miss Keller, a mem- ber of the Holy Rollers, of having had something to do with her leaving by ex- erting her influence of the "evil eye."

Sergeant Brackett investigated the case and, today, reported that Miss Keller had admitted that Mrs. Edgar had left her home to go to live with a sister in Detroit, after she had been "imbu- ed with the spirit and had come to the con- clusion that the marriage to Edgar, who is her first cousin, had not been sanc- tioned by the Almighty."

The husband was mystified for several days because his wife did not appear at her home. He learned that she had been visiting a rooming house in Harrison street, but all effort on his part to obtain information as to her where- abouts proved futile, until he took up the matter with the police.

SAN BERNARDINO, Cal., July 29.—Mrs. Camille Ruez, daughter of John Luna, a wealthy pioneer Mexican set- tler of this city, was shot and prob- ably fatally injured by her husband, Camille Ruez of San Diego, at mid- night, just as she had finished playing a piece on the piano at an entertain- ment given at her father's home. Ruez fired through a window while the guests were applauding Mrs. Ruez's performance. She fell over on the floor, and before anyone could reach Ruez he had fired a bullet through his head and lay dead on the ground.

MANY ARE HURT IN AUTO CRASHES

Long List of Injuries is Re- sult of Several Sunday Outings.

(Continued from Page 1.)

SAN FRANCISCO, July 29.—Two men were probably fatally hurt in an automobile accident which occurred yesterday when an automobile truck filled with 44 members of the Em- pire club of this city was struck by a touring car on the county road near Sunnyvale. E. Land and Joseph Ryan were knocked out and little hope is held out for their re- covery.

They were going at fairly good speed along the country road when a yellow touring car of powerful build, carrying seven passengers, came upon them at high speed from be- hind and struck the truck driver and pulled to one side of the road there was a rear-end collision.

Another accident occurred at the top of the La Honda grade, when Joseph Gill, a Carroll street jeweler, and his wife were endeavoring to turn out for a wagon on a narrow portion of the road. The machine was too near the edge and Gill was endeavor- ing to turn it again when the ground gave way and the machine rolled down the incline. Mrs. Gill was se- verely bruised and cut and Gill was unconscious when found. They were picked up and taken to a hotel near by, where their injuries were dressed.

TAXI IN COLLISION

There was also a down-town ac- cident when a Winton touring car, in which Frank Carroll, N. E. Taylor, district manager of the Goodyear com- pany; A. F. Osterloh, sales manager; W. T. Powell, northwest manager, and Edward Lingenfelter, the Los Angeles manager for the company, were rid- ing up Grant avenue. A taxicab driven at full speed coming up Grant struck the Winton car a blow in the rear which nearly threw the man- ual gear seats.

Charles West, chauffeur to Charles Tompkins Crocker, and Mrs. West, with another woman, were returning from a trip along the Crystal Springs road last night, when the car was completely turned over. West was trying to make a rather sharp turn. The women were cut and West was seriously injured.

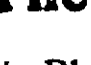

COLLIDE WITH ENGINE. Chemical Engine No. 3 of the Buick street station collided last night at Grant avenue and Sutter street, with an automobile owned by H. P. Rams- del, president of the Buick & Jones company. The chemical engine was responding to a call at 4 o'clock and Mission streets, when, at Grant avenue, Ramsdell's chauffeur tried to drive ahead of the fire machine. The engine turned out of the way to avoid a collision, but struck the rear part of the machine. No one was injured.

F. Aaron of San Francisco and his wife met with an accident in their machine on the road to Santa Clara last night. They lost their way in trying to get out of a dangerous place, the ground gave way under the wheels and they fell fifteen feet down a hill. Mrs. Aaron had her arm broken and Aaron, while severely bruised, was able to get his wife to Los Gatos.

By WILL D. SIMONDS.

At this time the help was made up of one owner and wife, three "chicks" and a warden, one photographer without a license, and a number of people with cameras and plates left, and one pair of farmers and horses, driving away, and one gallery dog, who sat on a rock and grinned. Soon we were joined by a college man. Then came a civil engineer. Then, P'gosh, a constable. What struck me funny was the fact that everybody talked, everybody

PIONEER WOMAN DIES AFTER LONG ILLNESS

FRESNO, July 29.—Mrs. Mattie G. Parsons, an old pioneer resident of San Francisco and wife of the late William B. Parsons, publisher of the Pacific Methodist Advocate in San Francisco until 1891, is dead at the home of her daughter here, following a long illness. Mrs. Parsons was 70 years of age. Born in Nashville, Tenn., she came to California before the Civil War and settled in San Francisco, where she married and lived with her husband until 1891, when they moved to Fresno.

CORONER'S JURY MAKES CHARGE OF MURDER

SAN JOAQUIN, July 29.—At the inquest held over the body of Jack Smith, the coroner's jury found that the deceased had met death from a gunshot wound inflicted by a person or persons whose identity is unknown. Coroner Blackburn and District Attorney M. J. Lee attended the inquest, which was held at 10 o'clock.

Little could be ascertained about the man in which Smith met his death. Two bullets which had struck the wall of the room were almost the only evidence introduced. It is understood that Smith was reading "Ben Hur," which he had borrowed from a neighbor, and was sitting in a chair when he was killed.

WATERTOWN, N. Y., July 29.—Charles W. Clark, publisher of the Watertown Republican and postmaster during the administration of President Cleveland, is dead here, aged 57 years.

MISSING GIRL IS FOUND IN GULLY

Charlotte Martens Drugged;
May Have Attempted
Suicide.

SAN RAFAEL, July 29.—Lying unconscious in a gully less than a quarter of a mile from her home, Miss Charlotte Martens, a pretty San Rafael high school girl, who disappeared Saturday afternoon from her home in Pleiades valley, was found last evening by Edward Sals, one of the members of the searching party that has scoured the mountains and hills of the vicinity for twenty-four hours in quest of the girl.

When found she seemed to be dead, and evidently had been unconscious for several hours. An examination of her pulse showed that she was still alive, and Sals called the other searchers, who helped carry her to a home of her parents. Doctors are working over her in an attempt to revive her.

It was stated that the girl had been drugged, but whether the poison was administered by another or was taken with suicidal intent is still unknown. At the time she disappeared her parents said she had rebelled recently against home restraint and had threatened to leave unless her father allowed her more liberty.

One theory is that she had grown dissatisfied from brooding over these restrictions and had sought to take her own life.

Mrs. Martens is 20 years old and is the daughter of John Martens, a well-to-do business man, who lives south of here. In the San Rafael high school, she is popular with her classmates and has been regarded as a happy, care-free girl.

Saturday afternoon she went to San Rafael on an errand that took her to a shoe store. She was expected home in an hour from the time she left, and when she overstepped her time, her parents began to feel uneasy and looked through their door down the road toward town.

His daughter was wearing a red dress, and he thought he discerned her through glasses, walking slowly up the road a half mile distant. Believing she would reach the house in a short time, his anxiety for her lessened, but when she failed to return the family was panic-stricken.

Martens telephoned to her friends when night came, and obtaining no information from them he notified Sheriff Keating, who started immediately with a number of volunteers to look for her. The search was kept up last night and all day until the girl was found.

EAGLES GATHER AT ANNUAL OUTING

Journey to Monticello Grove
Under Chaperonage of
Fruitvale F. O. E.

The Fraternal Order of Eagles from all parts of the bay region journeyed to Monticello grove yesterday and enjoyed the festivities of the second annual outing of the order under the auspices of Fruitvale F. O. E. No. 1375.

The steamer Schom, chartered for the day, left the foot of Webster street at 8 o'clock, going to the Clay street wharf in San Francisco, where several hundred members of the order, with their friends and families, boarded the vessel. The steamer stopped at the principal bay points of interest and then proceeded to Monticello grove, the scene of the day's outing.

The afternoon was spent in games and outdoor pastimes and was brought to a close with a banquet served beneath the magnificent trees which abound at the grove. Handsome prizes were distributed among the winners of the various events.

DEADLY BATTLE FOUGHT AT ICE CREAM SOCIAL

DUGGER, Ind., July 29.—Personal grievances which caused a fist fight in the streets of Dugger, Ind., Saturday afternoon, led to a pitched battle with revolvers when the dual combatants clashed at an ice cream social at Levi Gambill's grove, two miles south of Dugger, about midnight, last night. As a result two men are dead, one is dying and three others are seriously wounded. No arrests have been made.

The dead are: William Shepherd, 44 years old, unmarried, shot through the heart; Walter Aleman, 32 years old, married, nephew of Shepherd.

Another uncle of Aleman, Thomas Shepherd, 66 years old, is said to be fatally wounded. He was shot in the arm, shoulder and head and beat on the head with a carbine. Code Burch, 22 years old, married, was shot through the abdomen, but is expected to recover. Arlison Turpin, 25 years old, married, was struck on the head by a bullet. James Butler was slightly wounded.

ONE MAN DROWNS WHEN SKIFF CAPSIZES

SACRAMENTO, July 29.—One man was drowned, another escaped by swimming to the Yolo bank of the Sacramento river and a woman was rescued when a slight skiff, in which the three were rowing, capsized near a boat shop below the Northern Electric bridge.

"Sammy" Jones, a native of this character, who has saved many lives along the river, was the only survivor of the drowning woman and heroically saved her. The identity of the two men could not be established. The woman gave her name as Arlin Salm. She did not know who the men were, saying that she had engaged them to take her to the river, where she was going to visit her sister.

FOUR SINK TO DEATH IN KANKAKEE RIVER

KANKAKEE, Ill., July 29.—Drawn under by the whirling current, three persons were drowned in the treacherous Kankakee river yesterday afternoon. A fourth, who attempted to rescue the three, also lost his life.

The dead are: Walter Webster, Mrs. Paul Martell, Miss Wida Hemlock of Hammond, Ind., and Louis Wertheimer. The first three were bathing in the river and were caught in the current and drawn down. Wertheimer swam to the rescue and was also sucked down in the whirling eddies.

COMRADES HONOR DEAD POLICEMAN

Ten Companies Act as Es-
cort to Body of Charles
Bates.

SAN FRANCISCO, July 29.—With full military honors and under the escort of 10 police companies, the remains of Policeman Charles Bates, killed in the discharge of his duty at midnight Saturday, were laid to rest at Mt. Olivet cemetery this afternoon.

By order of Chief of Police White all of the officers who could be spared from each of the companies were detailed as a guard of honor under command of Captain M. O. Anderson, who acted as battalion chief.

The escort assembled at Twenty-fifth and Guerrero streets, and marched to the home of the dead officer's mother-in-law, Mrs. E. T. McElhinne, 109 Twenty-fifth street, where simple funeral services were held. The pallbearers were the members of the police companies as well as the fire department and other branches of the city administration.

FRIENDS ARE PALLBEARERS.
The pallbearers were Policemen Eugene Egan, Charles Kewling and Nicholas Reilly, friends of the dead officer whom the family had requested, and three other officers detailed by Captain Anderson, commander of Bates' company.

The funeral procession was headed by a band, the police commissioners and Chief White in the department automobile and the companies in their regular order. Captain James Kelly and his men of Company A alone escorted the body to the cemetery, the other officers having been dismissed after marching some distance through the Mission.

At the grave Policeman Richard J. Foley sounded "Taps" and the officers present stood uncovered while the last words were said and the coffin was consigned to the ground.

CONTINUOUS SESSION OF YEAR HINTED AT

WASHINGTON, July 29.—Congressional leaders believe that adjournment of Congress is not possible until September. Some say the session may extend until October, and a few of the pessimists declare the session will continue until a few weeks before the next regular session, which begins on December 4.

Representative Underwood said, yesterday, he did not see how Congress could adjourn before September 1, and it might continue even longer. The Archibald case, tariff reform and appropriation bill are causing delay. With a few adjournments the next regular session beginning December 4, and extending to March 4, 1913, and if Wilson should win the Presidency, an extra session, beginning in April, 1913, being a certainty, the prospects are that Congress may be in almost continuous session for a year.

STAND FOR OPEN SHOP.

NEW YORK, July 29.—After a series of conferences over the strike situation, the New York manufacturers have agreed "to stand together indefinitely" for open-shop conditions. Nearly 10,000 furriers have been out for two months.

OBEDIAH T. BARKER DEAD.

LOS ANGELES, July 29.—Obediah Trux Barker, a resident of Los Angeles county for 32 years, and founder of the Barker Brothers Furniture Company, died yesterday at his Pasadena home. He had been ill nearly two years, following a stroke of paralysis. He was 54 years old. His wife and two sons survive him.

BOY WRITES HIS DEATH WARRANT

LAWRENCE, Mass., July 29.—"I gave him permission to shoot me," wrote out Louis Dion, aged 11, in a boyish scrawl on a piece of paper yesterday. Then he stood up before Henry Talbot, aged 12, who shot him dead through the heart.

The shooting was the result of a boy's pride in his new rifle and a dare from a companion who "didn't believe it could kill anything."

The rifle belonged to the Talbot boy, who was shooting it from the window of his home. Young Dion came along, and remarked that his brother had a similar rifle and it was "no good."

"Give me written permission to shoot you and I'll show you whether it is any good," the Talbot boy is alleged to have said. Dion wrote out the permission on a slip of paper. Immediately there was a shot from the rifle and Dion fell dead.

SPENDING WAGE PARCELS POST WAR

CHICAGO, July 29.—The hotel men of Illinois have declared against the parcels post, fearing that its operation will cause the traveling man to become as extinct a species as the pterodactyl and the dinosaur.

The action was taken at the annual meeting of the Illinois Commercial Hotel Men's association, which ended at Peoria, Friday, and the Chicago brothers of St. Boniface, who returned today, brought the news.

B. F. Clark of the Travelers' Protective Association, and A. F. Brundage of the United Commercial Travelers, representing the traveling men's interests, appeared before the meeting of the hotel men.

"With the parcels post in operation," they urged, "the hotels will lose their best customers, the traveling men, as small dealers, will order their goods by mail. The mail-order house will also be a competitor for the traveling man's business."

The consensus of opinion at the meeting was against the parcels post, and for its repeal.

JORDAN AND BOARD INVOLVED IN ROW

Editing of State Blue Book
Causes Quarrel at State
Capital.

SACRAMENTO, July 29.—Secretary of State Frank C. Jordan and the State Board of Control are at out over the publication of the new Blue Book, and because of the difficulty progress in its publication is seriously delayed.

It is of opinion that he has, under the law, the right to print and publish a State Blue Book, the Legislature having made an appropriation of \$10,000 for its publication.

Since the adjournment of the last Legislature, Deputy Secretary James Crenshaw has been very busy compiling the Blue Book, and a large part of the copy is now ready for the printer, some of it being in type.

Secretary of State Jordan sent his copy to State Printer Richardson, but the Board of Control held it back, and the payment of any part of the money appropriated for printing the Blue Book until the copy had been submitted for its perusal. Jordan insists that he law does not authorize the Board of Control to edit the Blue Book. The members of the Board of Control hold otherwise.

In the meantime, State Printer Richardson finds himself in a most unpleasant position, and, in order to straighten matters out he appeared in person Saturday before the State Board of Control with the papers that he is permitted to go ahead with the work.

From present indications, it looks as if there will be no Blue Book before the Legislature will convene.

SAN JOAQUIN CROPS DUE TO MAKE RECORD

STOCKTON, July 29.—County Horticultural Commissioner William D. Gaden has prepared his report on crop conditions in this county. Fruit has been found to be exceptionally clean and free from worms and parasites this year. Sweet corn is plentiful, but the other vegetables are a little scarce. Tomatoes are about three weeks late this year.

The report on the fruit crop is as follows: Almonds, 65 per cent; apples 70, apricots 50, wine grapes 60, table grapes 70, peaches 85, pears 90, plums 80, prunes 70, walnuts 80.

PLAN ELECTRIC LINE FOR MARIN BEACHES

TOMALES, July 29.—Surveys of the extension line out of Petaluma have been made by the engineers of the Petaluma Electric railroad as far as the Kays ranch in the lower town of Tomales. The projected road will branch at Two Rocks, one line running to Valley Ford and the other to Tomales, then down Kays creek, skirting Tomales bay, to the ocean beach. Much fertile country will be opened up by the road which, it is expected, will pay from the start, so low is the cost of construction. A vast amount of traffic to the beach resorts during the summer and fall months is expected.

FALSE TEETH REMOVED FROM THROAT OF GIRL.

NEW YORK, July 29.—Snatched from what seemed certain death and restored to the health which she enjoyed until a year ago by a remarkable surgical operation, Miss Mary Cremins, 13 years of age, 226 West One Hundred and Twenty-second street, is preparing to leave Baydenham hospital, where she was successfully operated upon four days ago for an ailment which for more than a year had defied some of the best surgeons in the city.

Unknown to herself, the girl swallowed several closely beaded false teeth, which lodged in the lower part of her throat. Unable to eat and waiting away for want of nourishment, Miss Cremins went to the hospital a week ago and interested Dr. J. P. Amster, the house physician, in her condition. The following day several X-ray photographs were taken, the object in her throat was apparent in the photograph and it was decided to operate.

Surgeons who had previously examined Miss Cremins insisted that her trouble was either cancer or a tumor. Some of them had gone so far as to tell her that an operation was hopeless.

Ice Without Work.

The notion that ice cream, in order to be smooth, must be agitated while being frozen, has been proven to be a mistake. The new Auto Vacuum Freezer now being demonstrated in the Capwell building, freezes perfect cream cones, ice cream and sherbet in less than 20 minutes and without any work on turning. No dirt, no noise, no trouble to clean. Perfect cream cones come in and see it work and sample the cream. Agents wanted.

SUICIDE PACT IS CARRIED OUT BY TWO

Chicago Girl and Man Found Dead; Bullets for One, Gas Other

CHICAGO, July 29.—John Chizek, aged 30, and Katherine Vacek, aged 19, were found dead yesterday in the living rooms occupied by the man. It is believed they perished in a suicidal pact. Chizek had been shot over the right temple and a revolver lay beside his body. On a couch in the room was the body of Miss Vacek. She had been killed by gas. One end of the rubber tube was in her mouth and the other was attached to an open jet. On the bureau in the room were two letters written by the girl. They were written in the Bohemian language, and one of them bore this request: "Divide the furniture between the two of us." One circumstance that puzzles the police is the fact that three chambers of the revolver found beside Chizek's body were empty and only one bullet could be accounted for. The body of the girl was badly swollen and a postmortem will be held to determine if the remaining bullets are in her body.

The girl left a letter to her mother, disposing of her personal effects and asking forgiveness.

Lover's Trials End

ROSEBURG, Ore., July 29.—Frank O. Gray Saturday night took as his bride in marriage Miss Ethel Metcalf, the 18-year-old girl who was abducted by Robert Mooney, George C. Sweeney, while her fiancé was in jail at Jacksonville, and who was returned to her home a few days ago. The wedding closes a celebrated case.

The bridegroom of yesterday, Frank Gray, had been arrested on the accusation of an Oakland (Oregon) widow, who alleged breach of promise. Mooney, representing himself to be George Gray, a brother of Frank Gray, came to Miss Metcalf's home and persuaded her to accompany him to Oakland, where he said he would procure the release of her fiancé, so they could be wedded. Instead Mooney started with the girl toward California.

Stopped by a train wreck and with officers pursuing, he turned about and took the girl to Astoria, where the pair remained until arrested last week, after a wide search had been made by Miss Metcalf's parents. Mooney, who is in jail, has confessed that he intended to send the girl to a white slave dealer in Los Angeles.

Bags Big Bear

CHICO, Cal., July 29.—While walking through the woods near Colusa, Mrs. W. H. Pillsbury of Chico shot a large brown bear that measured six feet from tip to tip.

Mr. and Mrs. Pillsbury were walking through the woods near Colusa, where they had been hunting for a long time. Mrs. Pillsbury had a 30-30 carbine. Suddenly she saw a large bear coming down the hill about forty yards away. She fired, and the bear fell. She shouted to her husband, Pillsbury answered in the affirmative, and his wife asked, "Where shall I shoot him?" "In the head," came the answer. With a double click, the woman fired, hitting the animal instantly in the right eye, killing him instantly.

The hide weighed seventy pounds and the weight of the carcass was estimated at 300 pounds.

Save Two Lives

HARTFORD, Conn., July 29.—My personal experience of the combination of operations two lives were saved last night at St. Francis Hospital and the surgeons confidently predict that Mrs. Josephine Lipton of Bloomfield and her 12-year-old son will live.

The child, blood transfusion was essential. Lipton's right arm was lanced and for thirty minutes his heart pumped the life-saving fluid to the wife. Soon the Lipton family was reported as doing well. To make positive that Mrs. Lipton would suffer no relapse, more blood from her husband's arteries was infused into her.

THE RAINBOW OF PEACE

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

WHEN studying character in the human face, few give any importance to the eyebrows. To my thinking, they are an important feature of the face. The arched eyebrow is the rainbow of peace. When contracted, it is the strung bow of strife. Anger first shows itself in the contraction of the brows, then in the color of the face. Nothing is so devastating to health and beauty as anger. A person with a kind disposition will always wear a smooth brow, free from lines or wrinkles. The beauty of the eyebrows consists in having them moderately thick, especially in the center, directly over the pupil of the eye; the outer extremely tapering to a point with soft, silken, regular hairs of a color a shade or two darker than the hair of the head. They should always be separated on the bridge of the nose, and with their edges clearly defined against the skin.

When the eyebrows join above the nose, it is an indication of a sensuous nature. Such brows are not pleasant to look at, as it gives one the appearance of perpetual frowning. This defect, however, can be overcome by pulling out the hairs over the nose with tweezers. The brows should first be bathed with hot water, dried with a piece of soft linen and then rubbed with a little cold cream before the tweezers are used. In pulling out each superfluous hair care should be taken to pull the hairs in the direction in which they grow. Bathe the cleared space with a little witch hazel immediately afterward. Some barbers shave the eyebrows. That is dangerous for the feminine face, for when the brows grow in again they are inclined to grow coarse.

A little brush should be used to cleanse the brows from dust and powder. When the brows are scant and delicate a little oil of cajuput may be gently rubbed into the skin every other night. Always, when wiping them, the rubbing should be in the direction in which the hair grows from the nose outward, never in the opposite direction. The eyelids should neither be widely opened nor half closed. The former habit gives a half scared expression, damaging to the repose of beauty; the latter, a sleep appearance equally far from the ideal of art. The eyelids are most sensitive portion of the face. They tell the tale of disease and dissipation, sleepless nights and bodily fatigue, worry and sadness, before any indication appears in any other part of the face. They are veritable betrayers of condition. Dissipation and overfeeding will puff the eyelids and thicken them permanently.

Then there are the wrinkled lids that come from reading at night by artificial light. When you notice a person with many wrinkles on the eyelids you may be sure that he reads himself to sleep. Every person should use a mild eye wash with an eyecup twice a day. Dust will gather in the eyes, form into lines which deepen into the soft skin and produce wrinkles. A soft sponge dipped in a solution of boric acid and water should be applied over and under the eyes after every walk or motor ride. This will prevent many of the annoyances which cause embarrassment to people who desire to look their best. Remember, the cleaner the lamp, the clearer the light, either mental or physical.

Answers to Queries

MISS M. M. M.—There is nothing better for removing superfluous hair than the electric needle. However, if the growth is light you can easily remove it yourself if you will but take the time and patience. Apply twice daily one-third ammonia and two-thirds peroxide of hydrogen. The peroxide will bleach the hair so that it will become less noticeable and the ammonia will gradually kill the roots. Do not expect results too quickly, for this treatment takes time; but it is a sure remedy if persisted in.

MARTHA—The color in the face usually depends upon your physical condition. If you are perfectly healthy the only thing that will give you color in your cheeks is plenty of exercise, good pure food, cleanliness, and plenty of fresh air. A long walk in the morning or at night is invigorating and walking will give one a healthy color. Any kind of exercise in the open air is good.

EVELYN—There is nothing better for the hands for every day use than the following: Four ounces of rosewater, one-half ounce of pulvérised borax, one-half ounce of

glycerin, and one-half dram of tincture of benzoin. The hands should be carefully washed and dried, then a few drops of the above lotion rubbed in.

W. R.—In my opinion there is usually some internal cause for dark circles under the eyes. They are caused from eye strain, lack of sleep, or dissipation of any kind. Bathe the eyes frequently in cold water and massage gently under them with a good skin food at night before retiring. In the morning bathe the eyes in cold water. Be careful that you do not press the eyeball when massaging the eyes. The external treatment can only be temporary while the internal cause exists. Leave the little red spot alone on your nose, as it is so small that it is hardly noticeable. If it grows any larger I would advise you to consult a physician. To make your cheeks round and plump, massage them each night with a skin food, then apply plenty of it before retiring. Allow it to stay on all night, to be absorbed by the skin. This will gradually fill out your cheeks. I shall be glad to send you the formula for an eye wash, also the skin food, with directions for massaging the face. If you will send me a stamped addressed envelope.

L. S.—Elbows that have been neglected persistently show a thickened circle of cuticle covered with "goose flesh." To reduce this, rub the elbows with a stiff brush, and employ three or four times a day, working a good deal of skin food into the above. At night, when retiring, cover the elbows with thick applications of the skin food, and then massage them. If you are persistent in this treatment, they will soon become presentable, and after they have grown so they should receive the same daily care as the hands. Never use the elbow for a prop. If you care for it, and will send me a stamped addressed envelope, I shall be glad to mail you the formula for a good skin food.

TO HOLD LARGEST ANTI-RECALL RALLY TONIGHT

MEETING AT MACDONOUGH TO BRING OUT ALL CITIZENS

CAMPAIGN IS IN LAST WEEK

Forces of Law and Order Are Aroused and Ready to Vote Against Lawlessness

American Flag, as Opposed to Red Emblem, Is Displayed by Anti-Recallers

The largest anti-recall rally of the campaign will be held tonight in the Macdonough theater under the auspices of the citizens' municipal committee and the Women's Good Government Club. The theater, judging by the interest being taken, will be jammed to the doors to hear the speakers, who will show why a victory for the recallers would result in a triumph for disorder and anarchy.

Mrs. John N. Porter, head of the women's club, will preside. The speakers will be Mayor Frank K. Mott, R. M. Fitzgerald, chairman of the citizens' committee, J. H. Lawrence, patriotic instructor for the department of California of the G. A. R., and a prominent woman speaker. On the platform will be more than a man and women who will act as vice-presidents at the great gathering.

Because of the strongly drawn lines of the campaign, the forces of law and order have lined up on one side and those of lawlessness and anarchy on the other. Small American flags have been chosen as the emblem of the anti-recallers. Thousands of men and women are wearing them; they are floating from automobiles and other vehicles, and have been placed in conspicuous places in public buildings and the homes of the city. They can be secured at Lohmeyer's store on Broadway.

It has become evident that the police, when they prevented the I. W. W. street speakers from giving voice to their blasphemous and indecent remarks on the corners, took the only step which would have averted greater trouble. The police are to be commended for their prompt action in stopping the speakers and preventing more serious trouble.

LAST WEEK OF CAMPAIGN.

Tonight's meeting will inaugurate the last busy week of the campaign. Tomorrow the citizens of Oakland, including thousands of women, will go to the polls to administer the most telling rebuke the elements of disorder have ever received here.

The work of organizing every precinct in the city has progressed rapidly, and both men and women voters are working day and night to poll the largest vote ever cast in the city. It is realized that the fight is one for the home and family as well as for the government, and the I. W. W. sponsors for the recall will be given a decisive defeat August 5.

WOMEN SHOW INTEREST. One of the features of the campaign has been the great interest shown by the newly enfranchised women voters. Neighborhood meetings have been held daily, and under the direction of the women's league clubs have been organized in all sections of the city where Mayor Mott and Commissioner F. C. Turner and W. J. Baccus, the officials against whom the recall has been invoked, have told of the issue of the campaign.

Among the names who will occupy places on the platform at the Macdonough theater are the following: Edwin Stearns, George W. Hunt, A. H. Broad, Senator Edward J. Tyrrell, John Cox, C. B. Snook, Harrison Robinson, Professor Bert Kover, W. S. Gould, T. W. Yokum, J. H. Lawrence, Frank Leach Jr., William Walsh, E. W. Hyden, C. H. Daly, W. H. Graham, John Yule, Walter Mauer, I. H. Clay, B. H. Pendleton, John P. Maxwell, I. A. Beretta, D. M. Rader, Maurice S. Stewart, Grant D. Miller, Arthur Tashner, Charles C. Monroe, George Samuels, Mortimer Smith, John Mole, Joseph Basso, Joseph Reinhardt, W. McDonald, James J. Quinn, Frank McDonald, W. E. Sansome, A. P. Steffner, Joseph Duggan, H. C. Miller, Ingram, Charles J. Eldredge, Adolph Lohmeyer, Fred Seiberger, Harry G. Williams, Dr. H. G. Thomas, Dr. A. S. Kelly, P. A. Cox, H. W. Bridgeman, N. Cobbledick, L. A. Lewis, Matt Bronner, Robert A. Smith, Charles Quibb, Philip Kelly, John Boggs, William Thornhill, Albert Port Jr., S. Bachrach, James Garthland, Mark Ryan, E. Stachler, P. C. Fredrickson and R. C. Vose.

WOMEN VICE-PRESIDENTS. Among the women vice-presidents will be: Mrs. Fred Heald, Mrs. Alice Sorrells, Mrs. Bert Heald, Mrs. A. A. Leonard, Mrs. H. C. Stearns, Mrs. Anna Bage, Mrs. Henriette Roberts, Mrs. A. Cotton, Mrs. John N. Porter, Mrs. Mary Harrison, Mrs. E. M. Daniels, Mrs. D. F. Merchant, Mrs. Mary Lambert, Mrs. E. C. Robinson, Mrs. A. M. Beebe, Mrs. Julius Joseph, Mrs. A. H. Langworthy, Miss Joelle Corners, Mrs. Thompson, Mrs. Grant P. Miller, Mrs. F. M. Smith, Mrs. Aaron Turner, Mrs. Clara Leland and Mrs. R. C. Vose.

INTEREST IN EAST OAKLAND. For the purpose of becoming enlightened along political lines, the members of the Laurel Club assembled at an anti-recall neighborhood meeting last Wednesday afternoon at the home of Mrs. Frederick A. Harrison in Key Route Heights. Mrs. Minora Kibbe, president of the club,

George Cripps, aged 36, a fireman in the employ of the Southern Pacific, and a resident of Elmira, was brought to the local hospital of the railroad company yesterday morning after a fall from a train and other injuries which resulted in his death at a late hour last night. Cripps complained of a nervous headache just before the freight train on which he fired left Elmira. Cashier Confesses Theft of \$12,000

Utah Banker Accused of Embezzlement, Surrenders to Police.

HELPER, Utah, July 29.—That Clyde Jackson, cashier of the Helper State bank, has admitted the embezzlement of more than \$12,000 from the bank, is the statement made by W. S. It is thought that the payment of \$12,000 indemnity for which the bank's company is liable will enable the bank to continue open.

ATTACK ON S. F. PLANNED BY ARMY MEN

Maneuvers Around Bay Are Discussed by National Guard Officers.

Utah Militiamen and Regular Army Forces to Take Part in Invasion.

LOS ANGELES, July 29.—Plans for what was expected to be the largest and most spectacular series of army maneuvers ever held in California—a sham attack upon San Francisco—were practically completed at a conference held here by Adjutant General Forbes of Sacramento; General Wankowski of Los Angeles and other Southern California members of the National Guard of California.

The general maneuvers agreed upon were that the regular army and the militia of California and Utah should engage in the attack and the defense of San Francisco August 12; that an invading army of 2500 troops should march from Monterey bay to attack San Francisco and that a defending force of equal strength should march out from that city to repel the invaders.

A sham battle, the exact scene of which could not be named, until it occurred, but which was expected to be near San Francisco, was to be the result of the meeting of the two forces. Each army will be equipped with scouts, artillery and cavalry. Southern California troops, about 500 in number, will form part of the invading force. With them will be Utah militiamen and troops from the regular army. The defense will be composed of other California guardsmen and soldiers of the regular army.

The referees who will decide the conflict will be Major W. F. Truby, Major W. F. Lewis, First Lieutenant C. S. McGill, First Lieutenant A. E. Dockery, First Lieutenant C. Lininger, Captain E. A. Yule, First Lieutenant J. R. Erabson, Captain S. O. Fugua, Captain F. C. Endicott, First Lieutenant C. B. Crumpton and First Lieutenant C. B. Crumpton.

General Forbes, who left for Sacramento last night, said there was a possibility that the next maneuvers of the kind would be held at Los Angeles harbor.

PLAN SHAM BATTLE.

Los Angeles, July 29.—After two days delaying the bribery trial of Clarence S. Darrow, because of illness, L. A. Leavitt was relieved of further duties as a juror today and the alternate juror, A. M. Blakesley, substituted for him. According to the attorneys in the case, this is the first time in the history of American jurisprudence of the substitution of a thirteen juror for a regular one who has been incapacitated for service. Dr. Isaac Sayila, Leavitt's family physician, was placed on the witness stand when the trial was resumed today and testified an operation was necessary and that it would be at least six weeks before Leavitt could appear in court. Dr. R. Wernick gave similar evidence.

Judge Hutton then issued the order discharging Leavitt and installing Blakesley as a regular member of the jury.

CROWD OF RECORD SIZE.

A record crowd sought admission to the court room today because of the expected appearance of the defendant on the witness stand.

Chief Counsel Earl Rogers of the defense, announced that before Darrow took the stand he would move that all judicial memoranda, or documents purporting to be Darrow's handwriting, now in possession of the prosecution, be turned over to the defense. He said he understood that such papers were in the hands of the district attorney and, according to law, he was entitled to them. He included in his motion any papers purporting to be coming from Darrow or in any way connected with the case.

AFTER TWEITMOE'S TESTIMONY.

It was learned that the defense had in view particularly the transcript of the testimony before the grand jury of O. A. Twitmo, the San Francisco labor leader. To this end the defense called to the stand J. J. P. Termichel, the court stenographer, who recorded the testimony of Twitmo.

A formal request for Twitmo's testimony was denied the defense several weeks ago on the ground that the labor leader's testimony was given subsequent to the indictment of Darrow.

Termichel came to the stand with his notes of the grand jury investigation in answer to a duces tecum subpoena. The prosecution resisted the effort to secure the notes of Twitmo's testimony and a heated argument was begun, which threatened to consume the greater part of the forenoon session.

It developed during the argument by Attorney Rogers that Twitmo's testimony in the so-called dynamite conspiracy, District Attorney Frederick also introduced during the present trial that one of the "John Doe" indictments for the Times explosion was aimed at Twitmo.

Rogers declared that Twitmo and counsel, Bert Schlessinger, had refused to allow his client to take the stand because of the latitude given by the court in cross-examination of witnesses.

The demand of the defense for the grand jury transcript apparently was based on the fact that on Saturday the district attorney had evidence in favor of Darrow, which he was alleged to have suppressed. If successful in securing the transcript it was the avowed intention of the defense to introduce it into evidence in lieu of the personal testimony of Twitmo, thus robbing the prosecution of an opportunity of cross-examining the labor leader.

UNDER INDICTMENT.

Twitmo is under federal indictment in Indianapolis in the so-called dynamite conspiracy. District Attorney Frederick also introduced during the present trial that one of the "John Doe" indictments for the Times explosion was aimed at Twitmo.

Rogers declared that Twitmo and counsel, Bert Schlessinger, had refused to allow his client to take the stand because of the latitude given by the court in cross-examination of witnesses.

IN GAMBLER'S MURDER

Capture of One of Rosenthal's Slayers Expected, Says District Attorney.

Prosecutor Hears That Five Assassins Lose Proceeds of Crime in Gambling.

NEW YORK, July 29.—District Attorney Whitman is said to be receiving reports from the investigations of private detectives which make him feel that he is now on sure ground and that the capture of the slayers of gambler Herman Rosenthal soon will be an accomplished fact.

The public prosecutor has heard that the five assassins, after shooting Rosenthal, fled to Rockaway and there in a gambling house lost the proceeds of their crime on a gaming table. Once broke, the slayers returned here and went into hiding.

The gambling house in which they played is said to be owned by "Bald Jack" Rose, one of the men under arrest in connection with the shooting of Rosenthal. Rose, it is said, saw to it that the slayers, with the proceeds of their crime, were taken to the Rockaway gambling house.

Five thousand dollars is said to have been the price paid for the killing of Rosenthal and private detectives have confirmed the information that no fewer than twenty persons were involved.

Army Airmen Will Fight Death With New Wireless Outfit

MINEOLA, N. Y., July 29.—A series of experiments is to be undertaken on the aviation field here this week which may mark a notable advance in the conquest of the air. Experiments from the signal corps of the state national guard will try out a new device for calming the air waves in the immediate vicinity of a flying airplane by means of wireless transmission of electricity. The theory is that the wireless will control the air currents in much the same way as oil poured on a storm-tossed sea stills the troubled waters.

Willis charges that in the spring of 1908 he came from work one evening and found his wife had sold all the furniture in their house and disappeared with their only child. After searching for two months, Willis says, he found his family in a refuge shack at Ocean View amidst proper persons and surroundings.

With just two signatures to her petition, Helen G. Reiver, a Newark Socialist, filed her nomination as a candidate for supervisor in the first district. At the last election 75 Socialist votes were cast in that district. Thus on a basis of 2 per cent, as required by law, the woman candidate has her choice of presenting a minimum of one signature or maximum of two. Reiver, who is accompanied by her daughter, is a candidate for the position of county clerk.

Lehnert asking that the property be relieved of an assessment of \$100,000. "While the property was used for religious purposes and as such not assessable, it was also used for speculative purposes," said Gross, "and applying to Attorney J. E. ORDER FOR BEER DISPELS ILLUSION

WASHINGTON, July 29. — Vice President Sherman is aboard, and on his way to the Baltimore convention. The news ran through the Congressional Limited five minutes after it pulled out of here just before 10 o'clock. The news was so startling that many of the comfortably gorging diners, against the death of food in Baltimore, the party confidentially imparted it as he pointed to a sunburned set of "sideboards" on the dining car, and said: "That's the way to get together and the second gentlemen of the land. The porter differentially approached his distinguished guest.

"A bottle of beer and a Swiss cheese sandwich with the order. The posse came here to catch."

"What's the country coming to?" stage-whispered one of them. "Don't you think that the Republican vice president should be going to a Democratic convention, but to the Democratic public in the city of the temperance wave-on, fig?"

Representative John H. Rothermel of Reading, Pa., is a dead ringer for the vice president. They believe he has been made a member of the Democratic National Convention at that time. He was a perfect right to go to Democratic conventions and to drink beer if he feels like it. Yes and look like the vice president if he

NEW YORK, July 25.—The "Porto Rican Joan of Arc," otherwise Louisa Capetillo, was still without recruits for her army, by which she hopes to emancipate women from such prudish institutions as marriage and skirts.

Signorita Capetillo still is wearing her trousers, however, and exposing as much of them to Fifth avenue eyes as zepphrys as the police will permit.

Since the first crossing policeman, the interests of public morals and un-

No curtailment, however, is apparent in the certainty of the wedding vows written for the bride and groom, she is proclaiming to New York women who unabated earnestness that no woman who really believes in suffrage can really believe in marriage.

"I believe in love, but I don't believe in marriage," she insists.

"The American woman is under the spell of matrimony.

"The wedding ring is the symbol of her slavery."

"Real love ends with death; but, if it is difficult to find real love the first time.

"Divorce is the same as trial marriage."

BRIDE-ELECT'S SISTER**

Whose shafts are love glances whose targets are human hearts may account for the result of the courtship of Fred William Kohring, 6531 Mittell avenue, and Miss Elsie Brand, 44 Wade avenue.

Kohring and Elsie had been sweethearts. They were engaged. More than that, the wedding day was set. But while covertly Kohring made love to Elsie, in his heart he had feelings only for Elsie's delinquent sister, Ruth. Cur-

proofs scattered through the te-
stained annals of love, in all the ages,
which indicate that the tenderest as-
pirations are only solicitous about
beneficent and unobscured deas.

And also be grateful way out the difficulty suggested itself to the lovers in this present case. Kohr and Barbara Grace eloped. The fact that Elsie knew of their marriage was when she read their names in the paper.

MISS EMILIE BRAND has one niece of Kohring which she cherishes. She is a straw hat, size 7-4. She takes the situation in which she finds herself as self philosophy, and says that what she finds a man whom Kohring likes hat will fit, and who is willing to marry her, she will from that day regard.
